Coding Champion

Block Coding Developer - 1-60 Sessions

**Sessions
1-60**

Block Coding Developer

**Build Your First Game, App,
Website & AI / ML Model**

1 Scratch Coding Learner **Introduction to Scratch**

Students will learn Block Coding on Scratch Platform

- ✓ A walk & fly in the space city
- ✓ User Interaction
- ✓ Sequence, Events & Loop
- ✓ Develop a Single player game

Introduction to Scratch Lab

2 Introduction to Sprite Lab **Computer & Programming Language Basics**

Students will learn basics of computing on Sprite Lab using Block Codes

- ✓ Binary & Logic with Block Coding
- ✓ Decision Making with Codes
- ✓ Binary Numbers & Strings
- ✓ Bitmap images with Binary Numbers

Input, Processing, Outputs

3 Introduction to App Lab **Multi-Screen Apps**

Students will learn App development App Lab using Block Codes

- ✓ Introduction to App Lab
- ✓ Debugging codes
- ✓ Creating UI buttons
- ✓ Publishing Apps

Design Multi Screen App

**Sessions
1-60**

Block Coding Developer

**Build Your First Game, App,
Website & AI / ML Model**

4 Introduction to HTML **Your Own Website**

Students will learn how to create a basic website with HTML

- ✓ Algorithm and programming for coding
- ✓ HTML styles & formatting
- ✓ HTML Basics
- ✓ HTML styles - CSS

Create a Website

5 AI & ML Model **Personal Chatbot Assistant**

Students will learn to build an AI App

- ✓ Develop your First AI App
- ✓ AI Basics
- ✓ Build a Personal Chatbot Assistant
- ✓ Introduction to Thunkable
- ✓ Cloud Database

Personal Chatbot Assistant

6 Hardware, OS, Networking & Cyber Security **Secure Yourself**

Students will learn basics of Hardware, OS, Networking & Cyber Security

- ✓ Cyber Security
- ✓ Operating Systems
- ✓ Hardware Components
- ✓ Computer Networking
